Subject: DNS course - Re-arranging of Annual Intake -reg

Sir,

With reference to your letter dated 05.02.2025, requesting recalibration of the annual intake capacity for the DNS course at M/s. Samundra Institute of Maritime Studies from 120+40 to 80+80, the Directorate has reviewed your proposal.

2. As per your request, the annual intake capacity of 160 cadets per year will now be equally distributed between two batches. This adjustment aligns better with the IMU CET examination schedule and the availability of qualified candidates.

3. The proposal for readjusting the DNS batches was presented before the STCW Compliance Board. After due review and deliberation, the matter was discussed during the 47th STCW Compliance Board Meeting held on 13.03.2025.

4. In view of the above, your request to recalibrate the intake capacity to 80 cadets in August and 80 cadets in February has been accepted by the STCW Compliance Board. Hence the MTI is now allowed to conduct two batches of 80 cadets in a year limiting it to 160 candidates in a year.

Yours faithfully,
7 April 25
